Design Principles

How **to bridge** from strategy to design.

Design principles and Design codes are the bridge from strategy to design.

1) The design principle requires an **approachable design**, which shows trustworthy through these design codes:

- **Friendly & warm** colours and imagery
- **Human authenticity** in the photo language
- **Clear & uncomplicated** graphic shapes

→ to communicate **trustworthy**

2) The design principle requires a **direct design**, which shows hands-on through these design codes:

- **Bold** typography which is straight to the point
- **Clear, simple & uncluttered** layouts
- **Physical** and reflects **reality**

→ to communicate **hands-on**

3) The design principle requires a **dynamic design**, which shows high-performing through these design codes:

- **Strong & solid** graphic shapes
- Movement with a sense of **energy**
- **Adaptable & flexible** design elements

→ to communicate **high-performing**

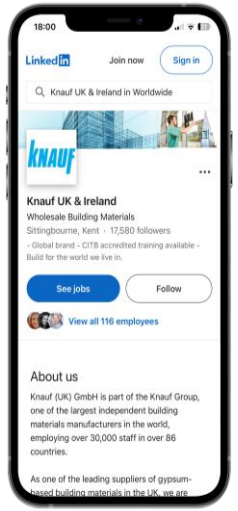

Brand Basics

The logo.

We have one of the strongest logos in the industry. However, in its current form it does not optimally perform in the digital environment.

Strong in the industry

…but not ready for the digital age.

Making the logo recognizable, digital ready & self-confident while protecting equity & trust.

- Technical
- Dynamic
- Constrained

- Open
- Dynamic
- Proud & Self-Confident

Brand Basics

The Colour Palette.

Our current colour palette is cold, technical & unapproachable.

But a modern brand is defined by an expansive and accessible colour palette, which is both **functional & recognizable.**

Creating a more **approachable & human** brand for our customers - this is our objective.

The new colour palette brings to life who we are: warm, human, real & approachable. And it makes it easier to be globally consistent.

Do one without neglecting the other:

combining **moods & emotions** with

functionality, recognizability & accessibility.

Setting the tone for each piece of communication.

Cyan and white are still the **predominant colours** in most layouts.

This unique and tailor-made font drives our modern brand voice, helping our messages reach our customers and colleagues in a unique & recognizable way.

Brand Basics

The brand statement.

The Knauf brand statement conveys the brand essence with a strong call to action & is the promise we make to customers and partners.

Build on us.

- The brand statement “Build on us.” reflects the brand’s core values: **trustworthy, hands-on, and high performing**
- Strong **call to action** to Knauf customers
- The brand statement engages the audience and uses a **clear statement** in an authentic language
- Distinctive **added value** of Knauf for our customers

- The brand statement is to be used **separate from the Knauf word mark**
- The **brand statement is direct**, **approachable and dynamic,** a memorable brand asset which gives the brand a conversational and human voice.

The brand statement will be executed in English. Translation into local language is only allowed in case individual markets require it.

Build on us.

建造，从这里开始

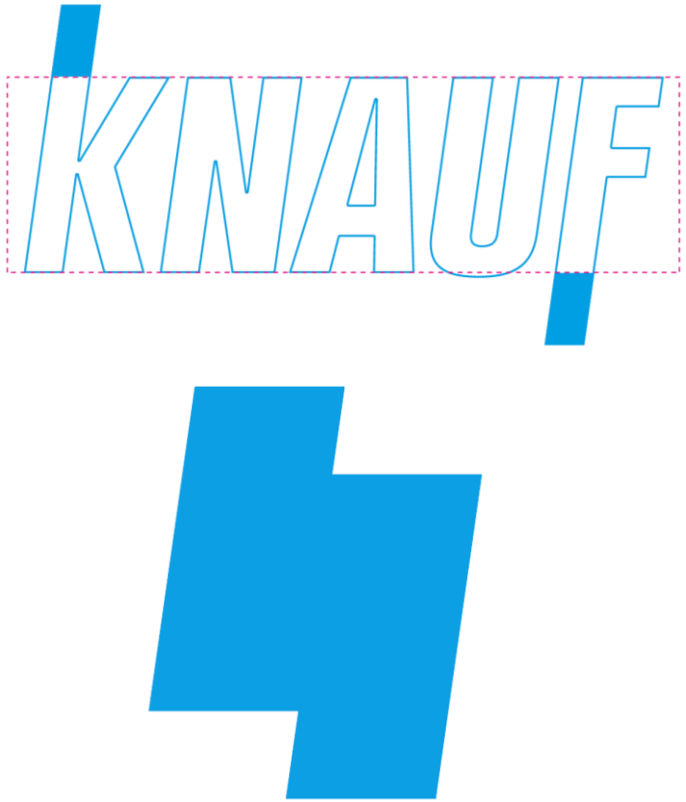

بناؤكم علينا

- A translated brand statement should have the **exact same meaning and intent** as the original brand statement
- Translated brand statements are **to be approved by Global Brand Management**
- **Maximum one** brand statement translation per language is allowed

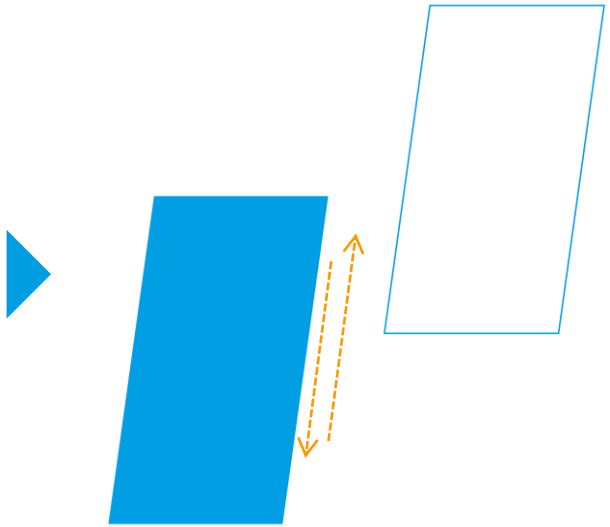

Brand Basics

The key visual

Creating a recognisable visual anchor which reflects our heritage & ambition, when being dynamic, direct & approachable.

DERIVED FROM THE LOGO

THE CONNECTORS

THE KEY VISUAL

As a whole, the key visual represents our brand promise: we are hands-on, trustworthy and high-performing.

The key visual conveys partnership and performance.

- The **left Connector** always stands for Knauf and our heritage and is therefore always in Knauf Cyan colour.

- The **right Connector** symbolizes a partner, a topic or an idea, and is thus adaptable.

  It can flexibly be filled with a colour, texture, image our video to suit your needs.

The key visual guarantees consistency in brand execution while still allowing for flexible application across messages and audiences. (1/2)

Brand Basics

The layout system.

Directly inspired by our logo, our layout system is simple yet bold. It uses recognisable shapes and the consistent positioning of elements.

Product & Corporate
communication

Brand
communication

The Knauf Connectors make up a design element that forms the foundation of our layout system.

BRACKET

In the bracket layout, the two Connectors move apart to frame content in between.

The open space in between is meant to display an image and text.

CONNECTION

The Knauf Connectors have been used to create the structural base of our layout system.

The connection layout is inspired by Knauf's strong relationships with customers and partners.

KEY VISUAL

Our key visual consists of the Knauf Connectors and our brand statement.

In this layout, the key visual is the hero element while images serve as support.

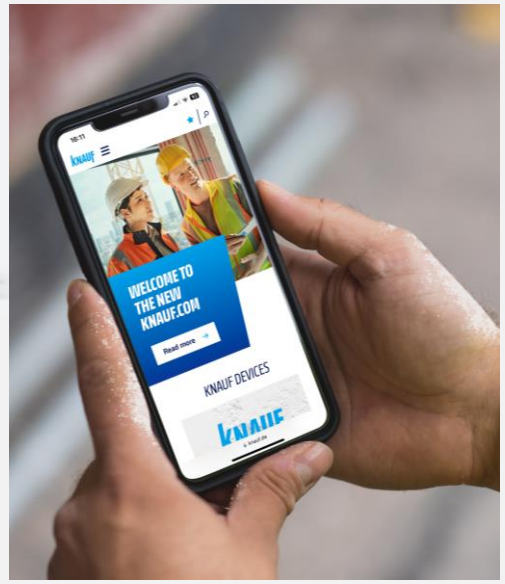

Our new brand identity comes to life at different touchpoints & channels - in print & screen formats, all around the world.

Build on us.

Brand Basics

Icons.

Our new icon library conveys the new brand language in a unique & simple way.

- The icons are characterised by their **recognisable design**
- Icons convey content and messages **quickly & intuitively**
- The brand-typical angle creates an **ownable style** of icons for print and screen applications

Brand Imagery

The language.

We focus on honest, real & approachable imagery that conveys our brand spirit in an authentic way.

- **Trustworthy**
- **Hands-on**
- **High-performing**

With our new images, we show our employees, partners, products and construction sites as they appear in real life.

- **Active**
- **Focused and natural**
- **Never forced or fake**

Imagery making the brand warm, human & authentic. There are two criteria levels to ensure consistent brand photography.

1) Content concept

An approachable and dynamic photo language which is up-close to our customers, actively involved in their world showing real details.

- real people
- real places
- product interaction
- customer interaction

2) Visual concept

Establishing simple photo style guidelines for global and regional use ensures consistency across all markets.

- warm
- close to business
- human relationships
- close-ups

ICONS

Icons convey content and messages quickly and intuitively. Our new icon library conveys the new brand language in a unique and simple way. The icons are characterised by their recognisable design. The brand-typical angle creates an ownable style of icons for print and screen applications.

OUR BRAND VALUES

TRUST-WORTHY

This is the universal truth about our brand. We encourage both customers and employees to put their trust in us as a solid foundation to build on.

HANDS-ON

This is what sets us apart from our competition. At Knauf, we will do whatever it takes to make things work for our customers, so they can build on us.

HIGH-PERFORMING

This is what matters. Leveraging the performance of our people, our products, and our organisation. We ensure our customers always achieve the best results - they can build on us.

COLOURS

Our new colour palette brings to life who we are – warm, human, real, and approachable. Our colours express moods and emotions, setting the tone for each piece of communication.

Our cyan and white should be the predominant colours in most layouts. A high amount of white is always the base of the design (see colour ratio).

HIGH-PERFORMING

With our new image library, we show our employees, partners, products and construction sites as they appear in real life. Active, focused and natural, our image language is never forced or fake.

BRAND STATEMENT

Build on us.

Our brand statement is the promise we make to customers and partners. It is future-oriented while also communicating our brand values. As a strong and vital statement, it must be used properly.

This includes always inserting the period at the end: *Build on us.* Although an integral part of our branding, it is not a replacement or extension of our logo.

KEY VISUAL

The Knauf key visual brings to life our values and brand promise. Its two shapes – we call them the Knauf Connectors – are always touching, which signifies our hands-on attitude. Inside the Connectors, our brand statement conveys our trustworthy and high-performance brand personality.

The key visual uses two Connectors linked together with the brand statement placed in the center. The left Connector always stands for Knauf and our heritage and is therefore always in Knauf Cyan as an. The right Connector symbolises a partner, a topic or an idea, and is thus adaptable. It can flexibly be filled with a colour, texture, image our video to suit your needs.

Internal Campaign

MADE OF MORE.

Bringing the brand internally to life by onboarding and encouraging the engagement of all employees for consistent execution.

With our internal campaign MADE OF MORE we want to use the strong foundation for further future successes.

- **The visual language points out the Knauf spirit that has grown over the decades and is based on:**
  - Trustworthy
  - hands-on &
  - high-performing

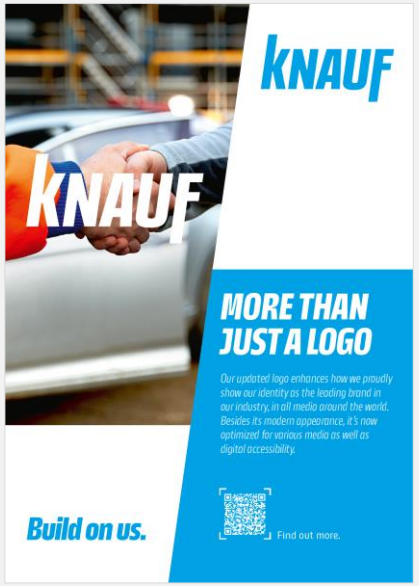

- **That is why it's important for employees to know:**
  - that a logo is more than just colors and our name
  - that a font is more than just letters and shapes
  - that being digital-first is more than a trend

- **Objectives**

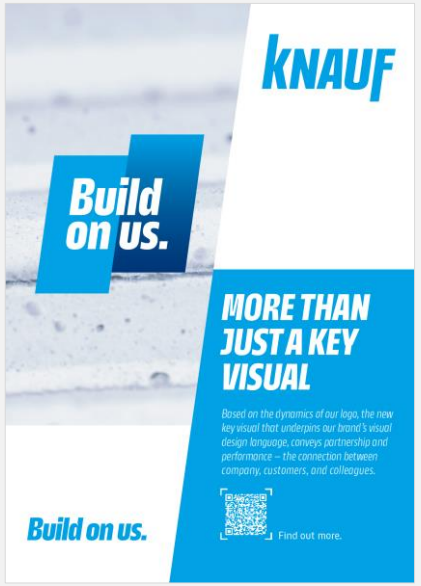

This concept gives employees - white & blue collar worker - the details of the new branding while also showing them other powerful perspectives in how a brand impacts their daily work and our future.

- **Give a clear view on:**
  - WHY are we changing
  - WHAT we are changing
  - WHAT does it mean for me – the implication
  - HOW this is connected to our brand values

MORE THAN JUST LETTERS

Matching the concept MADE OF MORE, development of a 360° toolbox for different touchpoints and different channels for individual usage.

Overall Objective:

- A successful internal rollout, that all employees feel involved and understand why Knauf Brand Team are doing this - on high-level in general, but also for stakeholders with a deeper involvement. Global Brand Management should be positively anchored in people's minds and colleagues want to be part of the story.

Target group:

- Addressed to white and blue collar workers. In administration buildings, canteens, entrance areas and factories.

Deliverables

- Development of a 360° toolbox for different touchpoints and different channels of all employees – white as well as blue collar worker. Developed and designed like a toolbox, that each user (global & local level) can create his own launch package based on his individual needs - but always based on the same concept.

Availability:

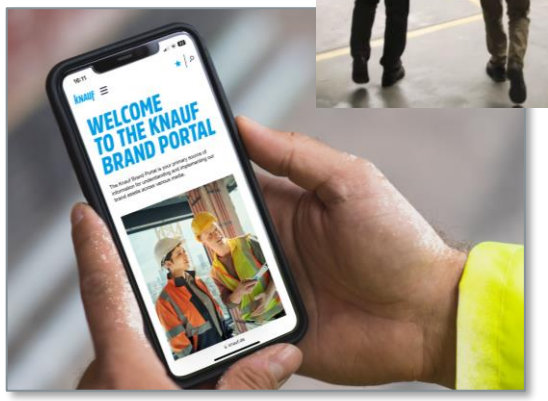

- By end of January 2024, complete 360° toolbox, as master material in English for adaptation, will be available in the Brand Portal. We are filling it step by step, the first material is already available.

With the campaign, we will excite our global organization – employees will be engaged through various channels & touchpoints.

We run one, global campaign, but markets will also receive materials and tools to localize campaign elements according to their needs.

GBM will provide:

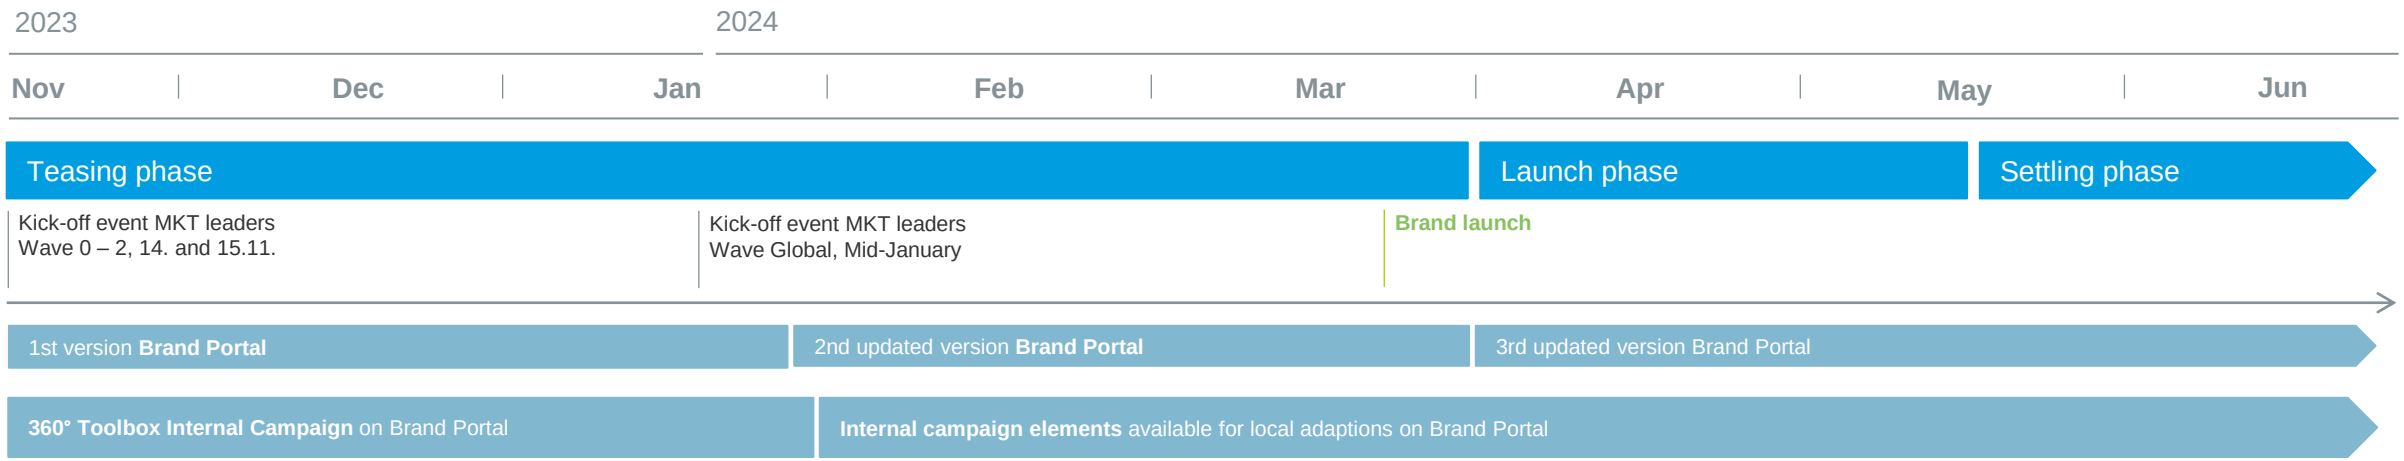

- Overall engagement concept
- 360° toolbox
- Campaign elements

Brand Portal

Country leaders then have the option of selecting all the materials they need and have them translated/localized by their regional resources/agencies.

Over time, new and exciting campaign elements will be continuously released to stimulate interest in the new brand.

- The local marketing teams will be equipped to roll-out their markets with the necessary knowledge and resources to implement the brand locally.
- Marketing leaders will be asked to use their local agency/ translation resources to customize the provided assets to their country's needs.
- The package can be put together individually.
- Open file formats are provided to allow for localization through markets
- However, should they require any assistance, they can get in touch with the Brand Service Desk or the Global Brand Team and receive help/ resources.
- To make sure, each country is successful in localizing the provided assets, there will be several check-ins during the lead up to the brand launch.
- The Internal Campaign should run actively for about 3 to 4 months after the brand launch and then gradually cool down.

Brand Portal

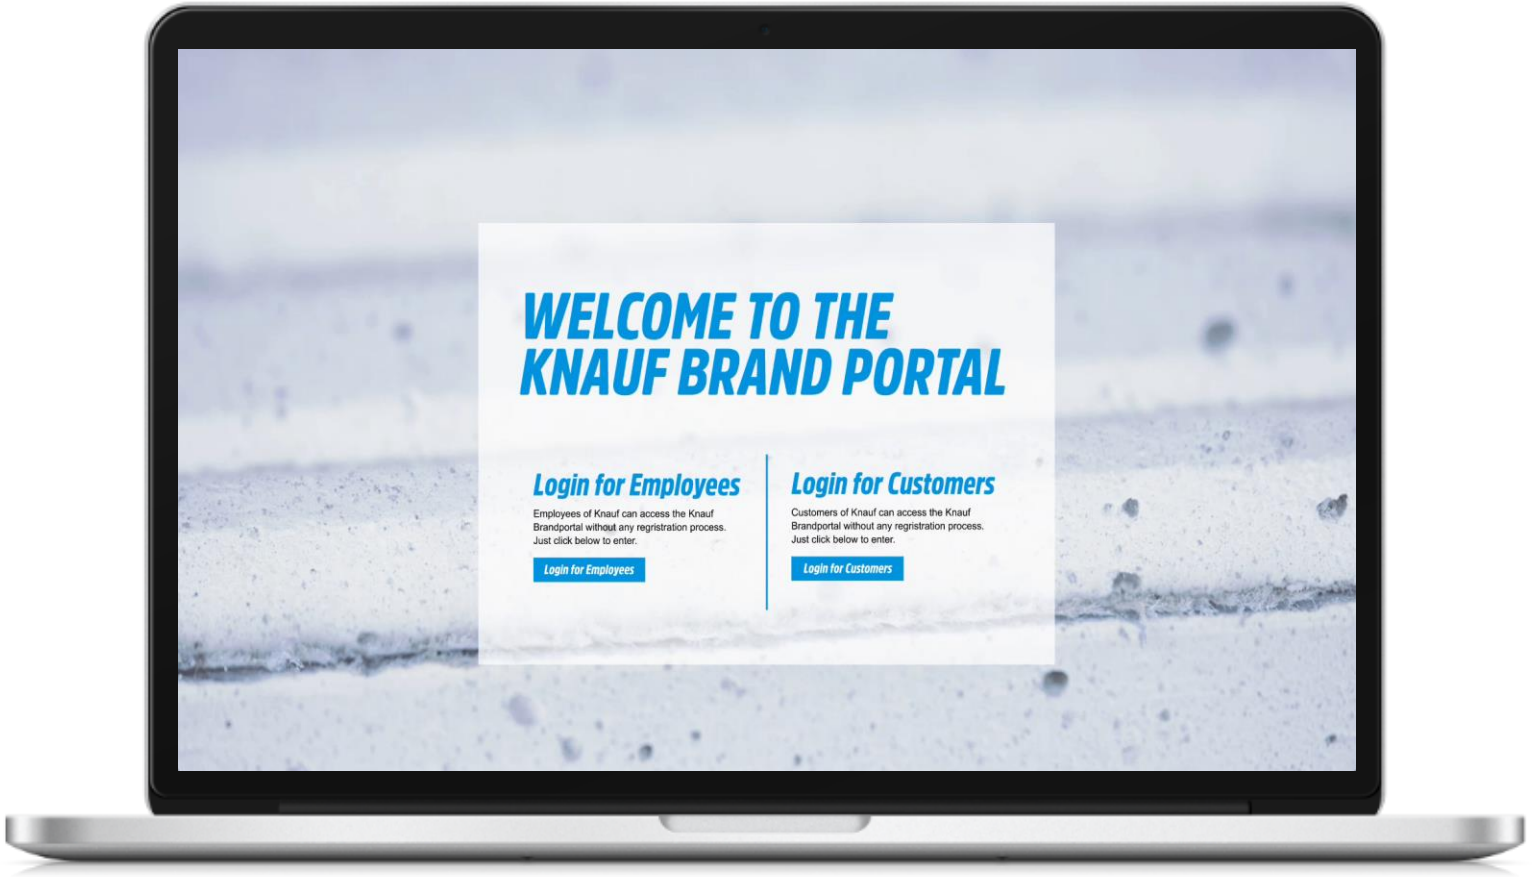

Knauf Brand Portal for a consistent execution at every touchpoint.

The **Knauf Brand Portal**:
the single online resource for all things brand

Accessible to Knauf **employees** (Okta) and **local agencies**

Brand **operating** tool and brand **governance** tool

- Click here for live version -

The Brand Portal is live & the core set of assets are available. It is a living tool that provides orientation & will be constantly enriched.

Already provided assets:

- design basics
- basic set of icons
- imagery
- first set of templates
- corresponding guidelines
- useful functions like support
- etc.

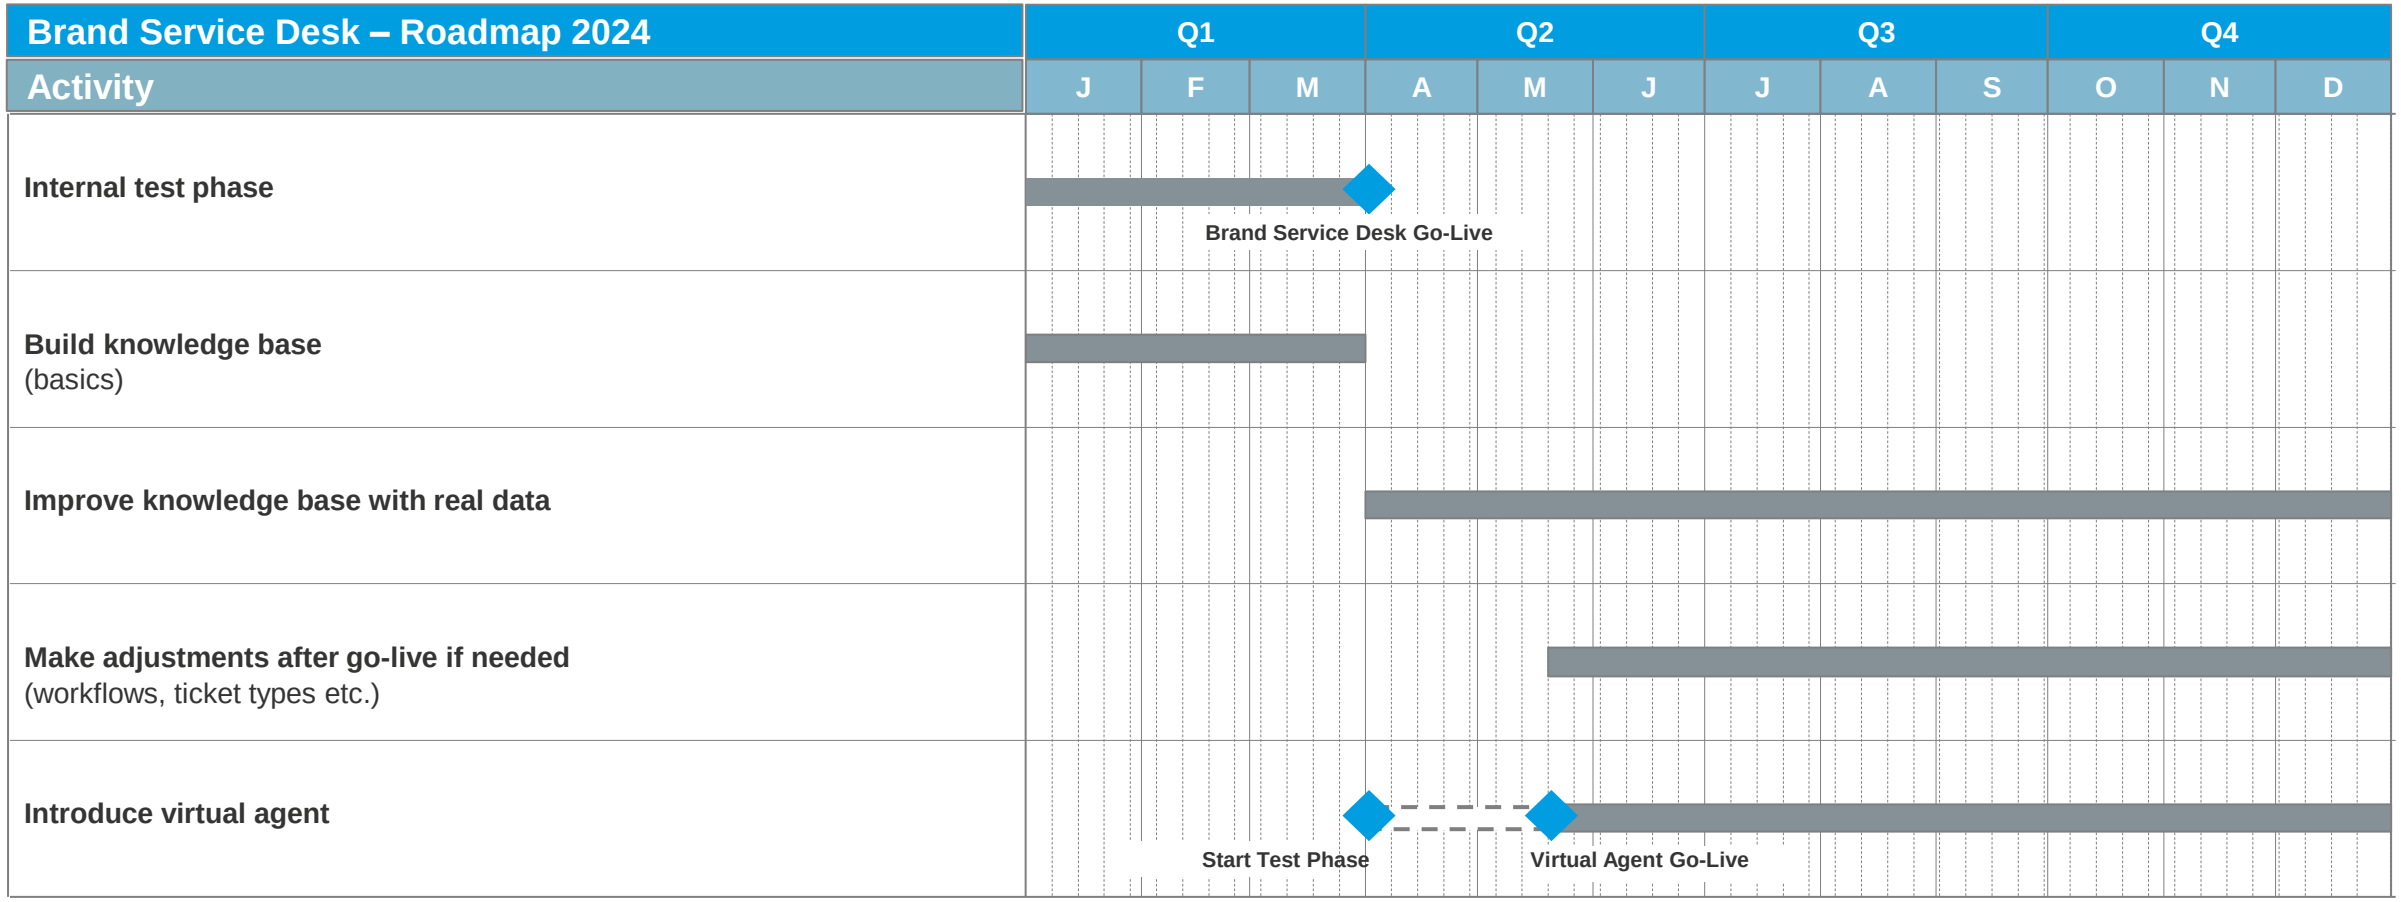

Tomorrow, in our working session we will dive into the brand portal together:

- find out how it works
- do some test exercises
- and share our first experiences

Brand
Service Desk

Brand Service Desk will be operational with the brand launch Q1/2024. Continuous improvement and introduction of virtual agent follows.

With the Brand Service Desk, we will be able to support questions and incidents during the rollout phase and beyond.

Brand Service Desk:

- **Brand Service Desk** from brand launch onwards to answer questions from internal and external users – **empowers users** while providing guidance to ensure **brand consistency**
- Powered by **PSG workbench**, until internal resources and automation are set up
- Reachable **via phone, email** and Jira **Virtual Agent** (chatbot)

Request Types:

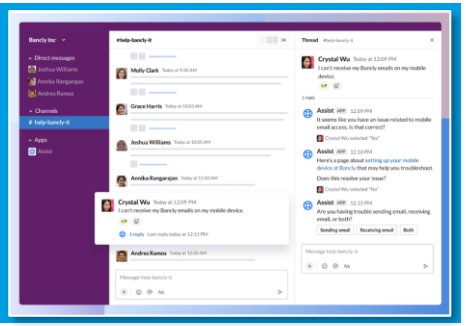

- **General Request:**
  General guidance around the brand, brand work and brand contents/ assets
- **Design advice:**
  Advice along the concept and creation phase of design work
- **Design checks:**
  Review and approve created design work
- **Technical request:**
  Technical support related to the brand portal, tools or functionalities
- **Requests from externals:**
  Advice on external use of brand contents and assets (e.g. by customers)

Out of Scope:
Create design work or local adaptations
(need to be done by local agencies)

Operational Model:

Time Zone:	Central european time
Service Days:	Monday-Friday
Service Hours by Phone:	9 am – 6 pm
Service Hours for Ticket Registration:	24/7
Service Hours Virtual Agent:	24/7

Support by Jira Virtual Agent ensures 24/7 reachability across the world
